Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

This session helps your team think freely, share ideas, and choose the best ones – even if everyone is not in the same place.

⌚ 10 minutes to prepare
🕒 1 hour to collaborate
👥 2-8 people recommended

Before you collaborate

Spend a few minutes getting ready. Good preparation makes the session more effective and smooth.

⌚ 10 minutes

1

Team gathering

Choose the right people for the discussion. Invite members who can contribute useful ideas. Share basic details about the topic before the session.

2

Set the goal

- What result do we expect at the end?

A clear goal helps the team stay focused.

3

Learn how to use the facilitation tools

Use brainstorming or collaboration tools to:

- Share ideas openly
- Organize thoughts
- Prioritize the best ideas

This will make the session productive and meaningful.

Group ideas

Take turns sharing your ideas and group similar ideas together. After grouping, give each cluster a clear heading. If a group has many ideas, divide it into smaller sub-groups.

20 minutes

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

Step-3: Idea Prioritization

4

Prioritize

Place all ideas on a priority matrix based on:

- Impact (How important is the idea?)
- Effort (How difficult is it to implement?)

This helps the team decide which ideas to focus on first.

20 minutes

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.

Importance

How valuable or impactful is the idea?

Feasibility

How easy is it to implement with available data and time?

-

+

High Impact – Low Effort (Do First)

- Count total heritage sites by country
- Compare Cultural vs Natural vs Mixed sites
- Create basic bar charts and pie charts

High Impact – High Effort (Plan Carefully)

- Build an interactive world map
- Perform detailed year-wise trend analysis
- Study danger-listed sites with patterns

Low Impact – Low Effort (Optional)

- Simple ranking tables
- Basic regional summaries

Low Impact – High Effort (Avoid / Postpone)

- Very detailed manual case studies for each site
- Complex predictive modeling without enough data

After you collaborate

After completing the brainstorming and prioritization session, share the results with others who may benefit from the insights. You can export the mural as an image or PDF and distribute it to team members or stakeholders.

Quick add-ons

Share the mural

Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural

Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.
